- [Sprint Tasks (New!)](#)
- [ANY OTHER DISCUSSION](#)

Feedback from Mentor

- Testing Day → Next Friday
  - Survey
  - How to play around
  - Make it engaging
- CI/CD → fix on CI + start on CD
- Branches merge in
- Prepare test day version by next meeting

Sprint Tasks (Review)

Sam, Saud, Clar	Dennis, Rowan, Elsa
Week Jan 15 ☑ ~~Debugging to see what's wrong with the flashcards → Everyone (StudySessionManger, Feed Screen)~~ ☑ ~~Change text for popup → Clar~~ ☑ ~~Ask Dr Will about the resources → Clar~~ - Ask the diff between official paper and full size mocks → frequency - Flashcard → the frequency/ by length???? - Add option for study during the weekends ☑ ~~Change the text for issue template → Saud~~	**Week Jan 15** ☑ ~~Fix the CI -> Rowan~~ - need to get in touch with Harry via Peter - technical drop-in session ☐ Start making the review page -> Dennis, (Rowan, Elsa): - make a template - table of icons for the review - need some way for the array to be transferred
Week Jan 22 ☐ Official Paper Schedule → Clar ☑ ~~Upload Meeting Notes + Update File System → Clar~~ ☐ Full Size Mocks Schedule → Saud (Based on popup repetition, put it into the calendar)	**Week Jan 22** ☐ Ask Dr.Will for Mini-mock 2 questions -> Rowan ☐ Upload the questions on Firebase -> Rowan ☑ ~~Make the MiniMock2 screen -> Elsa~~

☐ Flashcards Schedule → Topic/ Proper Working Version → Sam	☐ Think about some way to reduce the user authentication code block, make it reusable -> Rowan

Check in with Team

- **WWW / EBI**
  - All is good
- **Way forward for EBI:** N/A
- **Take note:**
  - Mentor Meeting is weekly wednesday (11AM)
  - After mentor meeting, we will proceed with a short discussion around 15 mins (ISH)
  - Pair programming can be any other day or after the discussion :D

Testing Day

(Fri 31st January, 11:00-13:00 in MVB 1.15, MVB 1.07 and the Lower Atrium)

- Take note: don't need to test your full product + bare minimum testing
- any tests are covered by the blanket ethics agreement(TL;DR any sensitive info)
- Things to prepare
  - Participant Information Sheet
  - Consent Form
  - Surveys → NASA-TLX
    - Can be in Google Form/ Microsoft/ MonkeySurvey
    - Decide what kind of question we want
- Product Evaluation

TESTING DAY DISCUSSION

What do you want to find out from testing? Think about your User Stories!
Mini-mock: format of the quiz → is it usable and easily understandable? (as long as we're not the second blackboard will do HAHHA)
Scheduling/ button: set up button → do they understand how it work and does it reflect on the calendar

What part of your systems(s) will you test?
The parts that we have completed

- Button
- Mini mock

What methods do you want to use? (ThinkAloud, surveys; will surveys be on paper, digital, questions you ask and record the answers etc)
Survey

- ranking/ scale question

- User interview

What questions do you want to ask? What kind of answers will you collect?
- How do they feel about the features as students
- Is it good or bad?
- What would they change if they can

How will you demo your product and ask the questions? For example, will you bring your own laptop, or log onto a lab machine? How many people can test it at the same time? What kind of introduction will you have to the project?
Bring own laptop (3 on table) 1v1
→ 3

Ideally, which space will you want to test in (we have 1.07, 1.15 and the Lower Atrium, but each has a maximum capacity, so we can't guarantee you'll be where you want).
Anywhere is fine

How will you attract people to test your product? For example, will you put a nice image on the screen at the end of the bank of desks? We'll bring a standard 'please test my product' sign, but do you want more - especially if you want to sit in the Atrium.
Clarissa design poster

How will the session work? Who will be running tests at what time during the 2 hours, and who will be testing other people's projects?
Rotation on the 1 hour mark

Sprint Tasks (New!)

Sam, Saud, Clar	Dennis, Rowan, Elsa
Week Jan 22 ☐ Official Paper Schedule → Clar ☐ Full Size Mocks Schedule → Saud (Based on popup repetition, put it into the calendar) ☐ Flashcards Schedule → Topic/ Proper Working Version → Sam	**Week Jan 22** ☐ Think about some way to reduce the user authentication code block, make it reusable -> Rowan
Testing Day ☐ Prepare poster + make survey pretty → Clar ☐ Prepare QR Code for Survey → Saud ☐ Put in the Questions For button on google form → Sam ☐ Think of questions~~ → everyone :D	**Testing Day** ☐ Mini Mock testing day ver -> Rowan ☐ Prepare questions for minimock -> Elsa, Dennis ☐ Print out the participant consent form → Elsa ☐ Edit the forms/ documents → Dennis
